

2014 TMFC THOSE DAM BUZZING FLIES

04 SEPTEMBER

FANTASTIC CONDITIONS ALL DAY EXCEPT FOR THE TINY FLYS THAT BUZZED IN YOUR EARS, RUN UP YOUR NOSE, AND BLINDED YOU FROM SEEING. DESPITE ALL THAT, WHAT A FANTASTIC DAY.

The second competition at TMFC, now becoming the second best Pattern Competition venue in the Cape. An entry of 11 had confirmed, Rory had work commitments and with drue his entry. So the 10 pilots arived at 8 in the morning to cloudles skys, no wind, just perfect conditions.

The new energy from the committee showed. Refreshemnts available all day and a lunch time braai.

Lawrance was the only SPORTSMAN entry, as he told me to start, he hasnt had much time to check out the schedule, (thats what we all say). He did however have engine issues most of the day, but managed to complete the schedule on rounds 3 and 4, next time I hope

2014 TMFC
THOSE DAM BUZZING FLIES
 14 SEPTEMBER

he gets all four scores. Mike next in the INTERMEDIATE class, one again the only entry, Mikes consistent flying except for round 3 gave him a respectable 59%. Three entries in ADVANCED class saw a close battel between Cobus, now 4 stroke and Aubrey. Ozzie battled but put in a stirling effort. Cobus won the first two rounds clearly ahead of Aubrey, but Aubrey fort back to win the last two rounds and the class win, but only just.

And finally to the “big Guns” MASTERS class. The regular 5 pilots took to the sky. Rodney’s second comp this year were he completed all four rounds. He finished on a respectable 52% behind John and Claude. The real battle was once again between Stuart and Ernie. Ernie winning the opening round when Stuart rolled instead on combination roll and scored a ‘0’. Ernie did out of sequence on his second flight which gave the win to Stuart. Rounds 3 and 4 were clearly won by Ernie with fantastic high scores. Stuart fort back on the final round but clipped the box and a 0 score was given, OUCH!!

A fantastic day despite the biting bugs, thanks to Kas and Martin for there dedication and support, to TMFC members and committee.

The event will be HRF in October and maybe a new venune in November, dates to be confirmed.

Thanks again, Pattern is on the increase lets all together keep the momentum going and maybe we will get the support and interest from othe Cape clubs.
