

2014 PRF EARLY SUMMER!! 17 AUGUST

Summer has come early, well that's what the weather was like on the day. Just fantastic conditions for flying.

A small entry of only 8 pilots, but the event was well supported by 4 guys who due to personal circumstances decided not to fly but they came to support the event.

Intermediate class up first and Sheraaz was on fire! He has been putting in the practice time which showed in his scores. Mike gave him a run for his money but did experience interference on his second flight, no damage to his plane, but his heart skipped a beat.

Advanced regular Rory was this time joined by Aubry who is making a welcoming return to Aerobatics. Aubry showed he hadn't lost his touch and improved on each flight to win the class. Rory told me he had the wrong settings on his radio, that's why his scores were low, (now i have heard it all)

Finally **Masters** class. The regulars were missing John and Ernie who watched from the pit area. Rodney snapped his header pipe on his first flight and that put him out for the rest of the day. Claude feeling the pressure and was "thrust" into a bad angle when his engine moved position, (another excuse). This left Kurt and Stuart to battle it out for the win. Stuart seemed to be on drugs towards the end, with his laid-back attitude left Rodney, (his caller) wondering if he had fallen asleep. (another excuse, wow) so Kurt was just in a class of his own, no excuses at all, just dame good flying.

Kurt also won the "highest percentage" score gift voucher sponsored by Sheraaz from PlaneCrazy.

Thanks to everyone for making it another great event, Nick and Martin for there time judging, the catering staff, etc.

“A SUMMERS DAY IN THE MIDDLE OF WINTER, WOW”
